

SENIOR WEB DEVELOPER/ ARCHITECT - FULL TIME/SALARY/BENEFITS (London, Ontario Office)

Gateseven Media Group (www.gateseven.com), a world-class leader in marketing and technology, is looking for an experienced web and database developer to add to our team. Gateseven has two divisions:

- 1) **Bark Communications**, which serves corporate clients like The Toronto Maple Leafs and Raptors, NBA, Ontario Mutual Insurance Association, Farmers' Mutual, Pride Seeds and Suzuki Canada.
- 2) **Electricurrent**, which serves faith-based clients like World Relief Canada, AdvancedMinistry, Teen Challenge, Alpha Canada, CAM International, Youth Specialties, Wheaton College and Biola University.

As a potential candidate, you will work on projects in both divisions. The ideal candidate will be working directly with our design team and should meet the following minimum requirements:

- Either:
 - a) 4+ years experience in ColdFusion (CFML) OR
 - b) 5+ years experience in one of the following:
 - ASP / .NET
 - PHP
 - JSP
 - Vignette Story Server
- 5+ years experience in at least one of the following database platforms:
 - Microsoft SQL Server
 - Oracle
 - MySQL
 - Sybase
- 5+ years experience in HTML / CSS / JavaScript
- 2+ years experience in the understanding of Adobe Photoshop (using toolsets/guidelines/general components).
- Have a good understanding of SEO, Wikis, Facebook, tagging, etc.

Additional experience in any of the following languages and/or database platforms will be helpful:

- AJAX
- Macromedia Flash
- Java

Some of your job responsibilities will include:

- Understand, support and build new modules for our proprietary CMS (developed in ColdFusion, Ajax and Microsoft SQL Server)
- Assist in the development of flowcharts and product requirements documents
- Work with our creative team to challenge each other and develop new innovative ideas
- Develop new tools and custom applications in ColdFusion, Ajax, JQuery, HTML and CSS
- Develop and maintain MS SQL Server databases
- Understand and develop new technologies that are SEO friendly and integrate with APIs like Facebook and Campaign Monitor.
- Develop new modules and provide support for our custom platform – www.advancedministry.com
- Provide client support on pre-existing applications
- Play foosball and listen to music.

To apply, please complete the application at www.gateseven.com/career/

Portfolio samples (i.e. websites that you've worked on) will be a critical part of our selection process.

Please do not call or visit our office unless you are contacted by one of our representatives. We thank all candidates for their interest, however, only those selected for an interview will be contacted.

Salary: To Be Determined (Based on Experience)
